Uploading Your Work to Sell

How do I add my work for the gallery?

Select 'My Art' in 'My Artmakers' and select 'Add Art'.

You will be taken to a page where you will be able to upload your work.

NOTE: Before you start:

Decide the Title of your work and a Description of between 10 and 300 words

(you can change the description at any time once you have uploaded your work)

Descriptions are important particularly:

- a. to help potential buyers find your particular work through Search Engine Optimisation (SEO) and
- b. to tell the story of the work e.g. explain the details of its creation, the materials used, colours, is it part of a series?, why you have chosen its particular title. The importance of the work to you as an artist.

How should I photograph my work?

Each image needs to be no more than 1Mb in size with a maximum dimension of 3000 pixels on its longest side (the larger the image, the closer it enables a buyer to zoom in to see detail).

To upload more than one image follow the instructions on the page
