

Buyers Guide to ArtMakers Virtual Exhibitions

Welcome to our world of virtual gallery exhibitions.

This brief introduction is provided as many people will be new to viewing original artworks within 3D virtual gallery space.

In a virtual gallery you are able to 'walk' around the space , close in and stand back from an artwork, and click on it for a larger view and the artist's details.

Our Virtual Exhibition space is powered by the "ArtPlacer" platform and can be viewed direct from our site on our [Exhibitions](#) page on any digital device desktop, tablet or mobile - Mac or Android.

It takes a little time to generate on your screen but it's worth it!

Click on an individual artwork to view details. At the bottom of the scroll down you will see a set of buttons to allow you to directly buy the work and find out more information. The buy button will take you to our buying page, where you will be able to complete the purchase. Two clicks and you are there.

See below how to move around the Virtual Gallery, and what additional information is available to you.
